

Introducing Times Tables Rockstars at Moreton Say C of E Primary School

Why is it important
to know your times
tables off by heart?

If maths was a house...

All the even more
super fun stuff

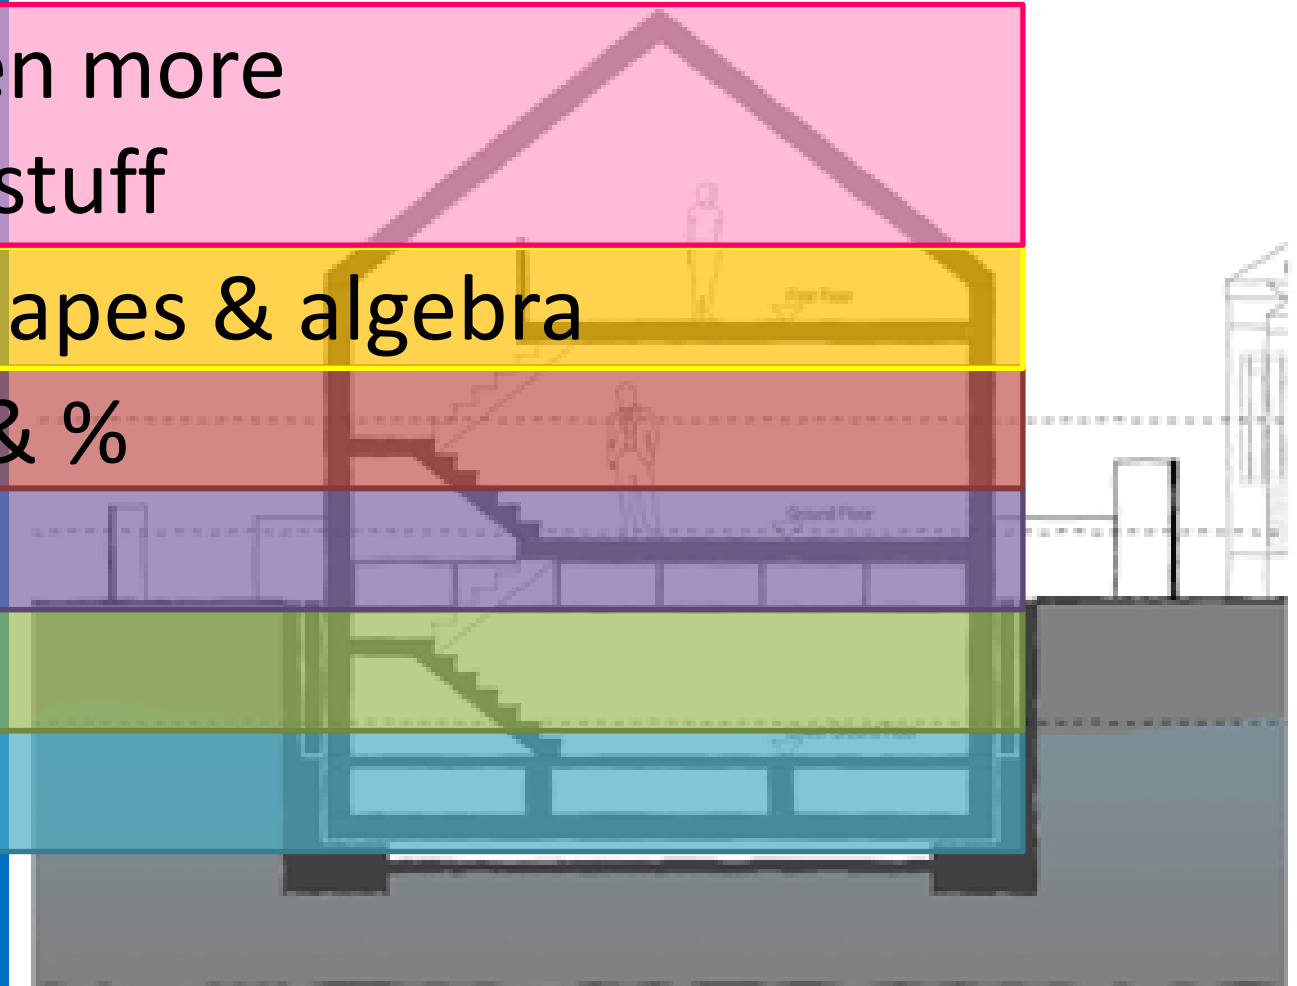

Graphs, shapes & algebra

Fractions & %

\times and \div

$+$ and $-$

Counting

The times tables are the basics of maths. If you know the basics, you'll find the rest much much easier.

Multiplication Tables Check (MTC)

- The National Curriculum states that children should be able to recall multiplication and division facts for multiplication tables up to 12×12 by the end of Year 4.
- The purpose of the MTC is to determine whether year 4 pupils can fluently recall their multiplication tables.
- The MTC is an assessment to be taken by pupils at the end of year 4. The MTC is focused on the fluent recall of multiplication facts. The check will be delivered as an online, on-screen digital assessment. The check will take each pupil less than 5 minutes to complete.
- The requirement to recall multiplication facts quickly will be the main aim of the check. The requirement to answer at speed is key to assessing fluent recall of multiplication tables.

OK, times tables are important but I find them hard to remember.

And not much fun to learn

So what's the plan?

TIMES TABLES ROCK STARS

The logo features the words 'TIMES TABLES' in a blue, outlined, stylized font and 'ROCK STARS' in a red, outlined, stylized font. Above the text are white silhouettes of musicians: a guitarist, a singer at a microphone, a saxophone player, a bassist, a drummer, and another guitarist.

Goal

When it comes to times tables, speed AND accuracy are important – the more facts your child remembers, the easier it is for them to do harder calculations.

Times Table Rock Stars is a fun and challenging programme designed to help students master the times tables!

To be a Times Table Rock Star you need to answer any multiplication fact up to 12×12 in less than 3 seconds!
