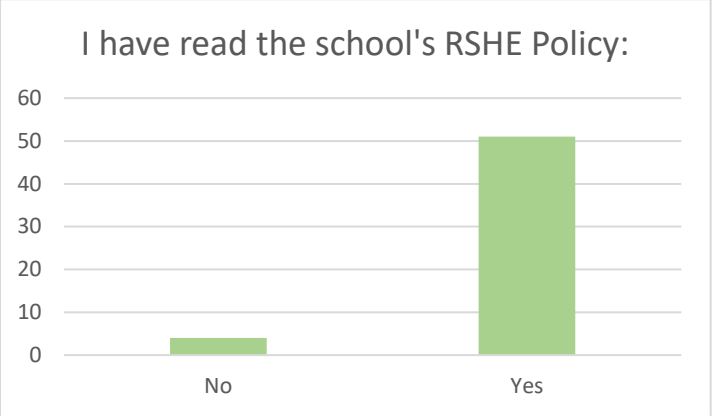
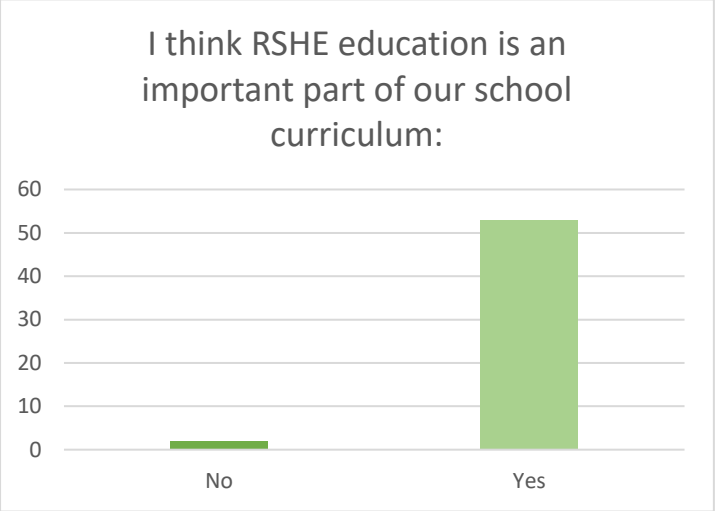
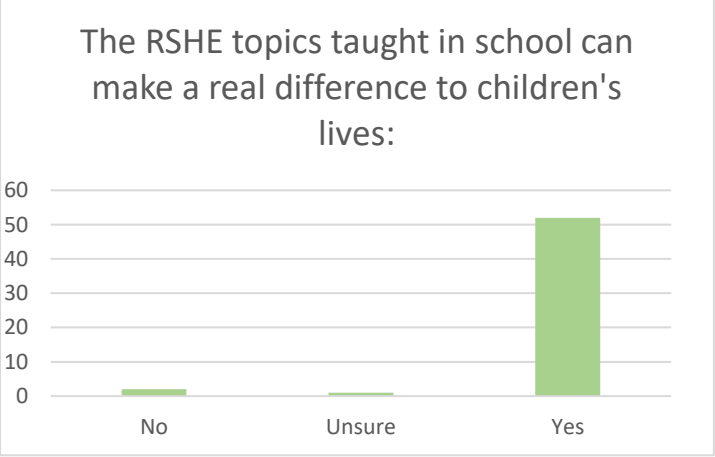
RSHE parent consultation feedback Autumn 2026

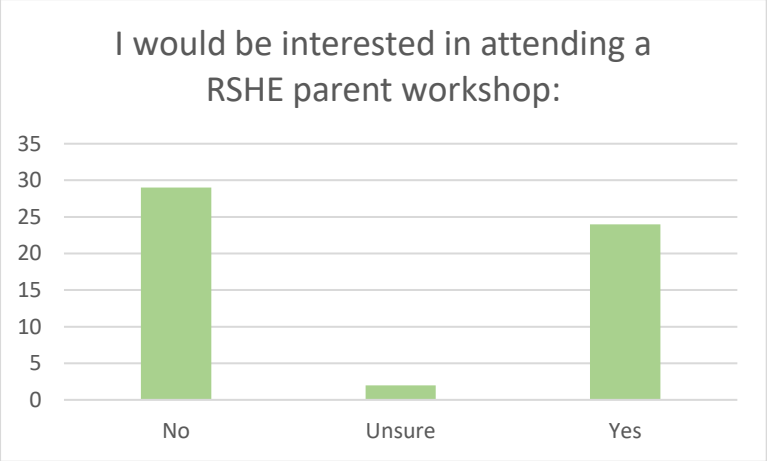


The school's RSHE policy is available on our website.

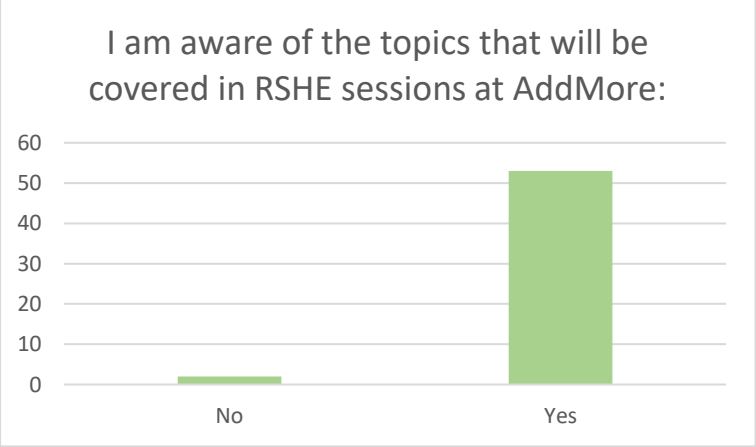




Please have a look at our RSHE lending library in the school reception area, we have a selection of books for you to borrow to help support conversations at home. Also see our RSHE page on the school website with links to the 1Decsion parent portal.

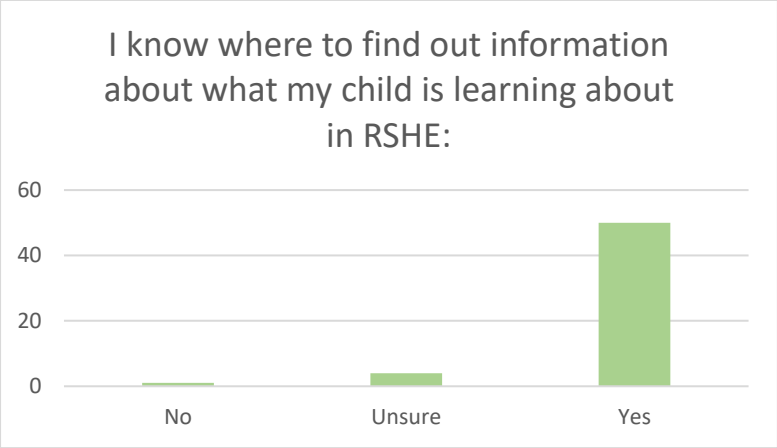


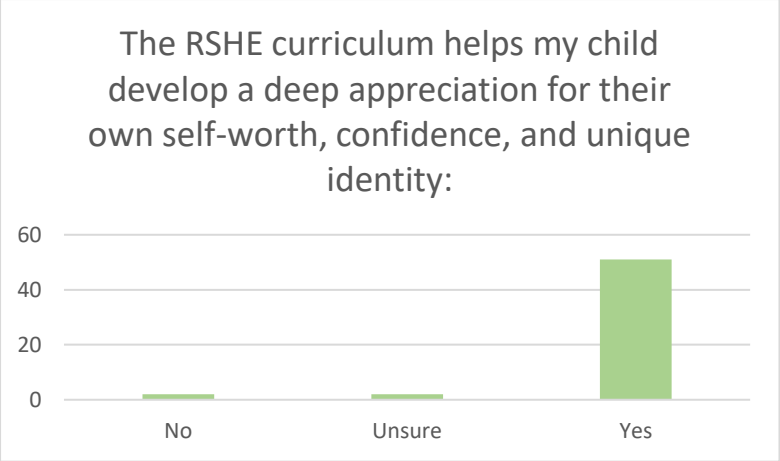
We would like to invite parents to a RSHE workshop on Friday 6th November, this will be a chance for us to share the curriculum and learning materials with you. It will focus on the relationship and sex education topics covered in year 5/6 but is open to all parents.



We use 1Decision as a tool for delivering our RSHE curriculum. For more information please look at the 1Decision parent portal. This section of the website is designed for parents and carers whose children attend schools using 1decision as part of their curriculum. You'll find an introduction to the 1decision resources we used in school

and how it supports your child's learning, along with a selection of topics and lessons you can explore. You'll also discover additional resources to help further support your child's personal development at home.
https://www.1decision.co.uk/resources/parent-carer-zone





Information about what your child is learning in RSHE each half term is available on the curriculum grids on their class webpages. Letters with specific information about the relationship topics covered in Autumn 2 will be sent home in October.
